# Facebook and Fake News

Consider each of the below proposals, and fill in each of the below TODOs.

Proposals

Proposal 1

Facebook relies on an algorithm as well as individual users' reports to identify content that is potentially "fake news." Once the content has been identified, it is sent to third party fact-checkers for verification. If the content is verified as fake news, it is publicly flagged with a warning that the content is disputed by fact-checkers.

Proposal 2

However, a designer at Facebook believes that there needs to be a different approach to content regulation. Their proposal is that content deemed problematic by third-party fact-checkers should be prevented from being shared on the platform altogether.

Questions

1. Which form of content regulation, Proposal 1 or Proposal 2, do you feel is better? Why?
    a. The second one. Because it's better if we can prevent human from spreading fake news, by prevent them from seeing it.

2. Which form of content regulation, Proposal 1 or Proposal 2, do you think best preserves or promotes the five rights and opportunities necessary for a democratic public sphere?
    a. Which proposal best preserves or promotes Rights? Why?
        i. I think the first one. Because we cannot just ignore the human rights of opinion. Despite some of the opinions being really bad (fake news etc), we must let them tell what they want to tell. We can stamp the fake news, and then track who spread them. Lastly we can give a rating, so to speak, based on the credibility of each source, which we get by analyzing the habit of them (do they spread the fake news or not).
    b. Which proposal best preserves or promotes Opportunity for Expression? Why?
        i. The first one also. Because in this proposal we let all people tell their opinions, whoever they are.
    c. Which proposal best preserves or promotes Access? Why?
        i. The first one also. Because in the first proposal we let all the people see and read all the opinions available on the internet, without blocking it first before anyone else read it.
    d. Which proposal best preserves or promotes Diversity? Why?
        i. Of course the first one. We just can see, know, and discover other people's perspectives by letting them tell their opinions.
    e. Which proposal best preserves or promotes Communicative Power? Why?
        i. Again, the first one. With that, we can let all human to develop the new brand opinion to challenge the mainstream, by having them interact and giving each other the ideas they have.
